"Poland in the Heart of Euroeapan History". Our purpose.

"Poland in the Heart of European History" is an international program addressed to teachers, educators and journalists from around the world. An annual ten-day seminar includes lectures and workshops conducted by the best Polish scholars and didactics as well as numerous study visits to Polish educational and cultural institutions. The training is an opportunity to get to know the complexities of recent Polish and European history, but also to discuss and exchange educational experience between professionals from different parts of the world. We want to be a platform of cooperation between proffessionals from different countries and a place where people from East and West meet to talk about their national stories. In past editions of the course we hosted participants from Italy, Greece, the Netherland, UK, Austria, Hungary, Czech Republic, Serbia, Croatia, Malta, Island, Israel and Canada. Keeping in touch with all of our graduates and supporting them in their everyday proffessional life is very important to us. Join our group on Facebook to keep in touch!
